WIND CREEK CURAÇAO RESORT

Immerse yourself in a destination as vibrant as it is historic. A jewel in the Caribbean, where a centuries-old landmark meets a newly reimagined modern resort: the Renaissance Wind Creek Curaçao Resort. With historic Rif Fort, a UNESCO World Heritage Site, as its centerpiece and set amid the vivid colors of Willemstad's Dutch architecture, we welcome you to a world of exciting local adventures and flavors just waiting to be discovered.

Whether dining or shopping, entertainment or nightlife are your passions, it's all just moments away. Lounge beachside or celebrate spectacularly in Curaçao's most stylish getaway.

A FEAST FOR THE SENSES

From the moment you step foot on the island to when you check out of your room, the sensory overload never stops. Even our resort has a new, contemporary look that is stunning to behold, but pales in comparison to the vibrant character you'll find outside.

Curaçao is a melting pot of cultural influences with hundreds of years of exotic history around every corner. Renaissance Mall & Rif Fort is where the island's rich past meets its modern character. Within the 19th century landmark is a world-class shopping mecca for those wanting to indulge in some of the finest brands around.

Queen Emma Pontoon Bridge, dubbed the Swinging Old Lady, is an unforgettable sight and the perfect vantage point for some of Curaçao's colorful architecture. Afterward, wander the cobblestone streets of the city's Punda district, where art, history, and architecture are all on display.

Or spend endlessly relaxing days lounging under a tropical sun. Our private, elevated beach is perfect for unwinding. Settle into a waterfront cabana for a massage, grab a refreshing drink from the Infinity Beach Club, or simply relax on powder-soft sand while taking in sweeping Caribbean Sea views. The adjacent infinity pool is perfect for leisurely swims.

When the sun sets, there's no shortage of ways to really let loose. Between the countless cafés, bars, and restaurants, the nightlife on Curaçao is as eclectic as the daytime activities. And if you're craving something with a bit higher stakes, place your bets at the Wind Creek Carnival Casino, the most visited casino on the island. Our Renaissance Navigator is on hand to share inside tips on what's happening in and around our treasured destination.
